

## Barbed Wire

Made from our galvanized wire.

Technical Specifications:							
Gauge	Lenght in meters	Diameter of the wire	Diameter of the barb	Distance between barbs	Lenght of barbs	Torsion	Weight per roll
16	110	1.60	1.60	4.00	15.00	6.00	13.00
14	110	2.03	2.03	4.00	15.00	6.00	21.00
16	250	1.60	1.60	4.00	15.00	6.00	26.00
14	200	2.03	2.03	4.00	15.00	6.00	38.00
14 / 16	250	2.03	1.6	4.00	15.00	6.00	40.00

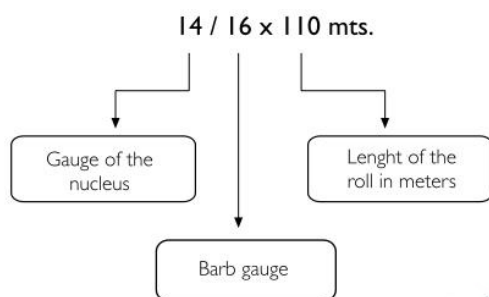

### Packing :

Rolls from 110 meters to 450 meters.

### Uses:

It is used to delimit properties and to avoid unwanted access by livestock.

### Nomenclature:

### Notes

If the nomenclature presents only one gauge, it means that the nucleus and the barbs are of the same gauge.
